**ALABAMA
ENVIRONMENTAL MANAGEMENT COMMISSION**

Guy Hunt
Governor

August 3, 1990

1751 Cong. W. L.
Dickinson Drive
Montgomery, AL
36130
205/271-7700

The Honorable William K. Reilly
Administrator
U.S. Environmental Protection Agency
401 M Street, S.W.
Washington, D.C. 20460

Commission Members:

Cameron Vowell, Ph.D.
Chair

Alan Craig Bryant, Sr., P.E.
Scott Davis, Esq.
Claire B. Elliott, M.D.
Stanley L. Graves
Dewey A. White, Jr., M.D.
John H. Winston, Jr., M.D.

Dear Mr. Reilly:

As a member of the Alabama Environmental Management Commission, we are charged with the responsibility of regulating air quality within the State. In addition, as a physician, I have practiced medicine in Jefferson County for a number of years and have been active in various efforts to improve the State's air quality.

It has come to my attention that a new product developed by the Ethyl Corporation has been evaluated and tested and is presently pending review by the Environmental Protection Agency. If approved, the product, HITEC 3000, will be used as an additive to gasoline. I am told that all in-house testing indicated that the product's use will lead to substantial reduction in automobile emissions, as well as increase overall engine efficiency.

I will certainly appreciate your reviewing this product at your earliest convenience.

Sincerely yours,

Dewey A. White, Jr.

Dewey A. White, Jr., M.D.
